No. 76/2023

Title: The List of Fast Track Undergraduate Scholarship Successful Candidates for the
Bachelor of Science in Design, Business and Technology Management (3.5 years)
Academic Year 2023

.....

According to the announcement of the Faculty of Architecture and Planning, Thammasat University, No. 43/2023, titled: The Fast Track Undergraduate Scholarship for International Students (3 and a half years) announced on March 9th, 2023, the selection process by the committee of Design, Business and Technology Management Program is now completed. The successful candidate to receive the full-scholarships is named as follow:

1) Mr. Fangshuo Wen

Student receiving the scholarship shall be compliant with the following regulations.

1. Student must have accumulated grade point average (GPAX) not lower than 2.75, and must not have any "U", "F", or "W" in the official transcript. Any students who have lower than 2.75 GPAX in any semester shall be suspended from receiving the scholarship in the following semester.
2. The scholarship covers only the tuition fees. Student is not allowed to register more than the credits required by the program.
3. Scholarship student is obligated to contribute to any activities held by the office of Design, Business and Technology Management Program at least 24 collective hours per semester.
4. Scholarship student has to observe disciplinary rules. In case that scholarship student is considered punished due to the violation of any rules, the status of scholarship student is to be revoked and all paid fee must be fully reimbursed to the office of Design, Business and Technology Management Program within 30 days.
5. In case that there is any withdrawal from any courses, the paid fee has to be reimbursed within 30 days as well.
6. Decisions regarding the violation of any aforementioned clauses have to be reached by the Director of the Design, Business and Technology Management Program. The Director's decision is considered final.
